# Mountain Biking Santa Cruz, 2nd Edition: The Ultimate Trail & Ride Guide For The Santa Cruz Area

## **Synopsis**

Welcome to Santa Cruz, California's fat-tire fantasyland! From the surf to the mountains, you can bike a myriad of trails along pristine creeks in a shady grove of redwoods, through sunny grasslands, or on the scenic coastal cliffs. Get ready to ride rollercoaster singletrack, bomb fast and furious fire roads, test your skills on technical trails, or simply cruise the many rides! Mountain Biking Santa Cruz, the trail and ride guide for the greater Santa Cruz area, provides all the necessary information to discover and piece together your perfect mountain biking adventure. Along with detailed trail descriptions, this pack-sized book contains numerous photos, GPS accurate maps, useful elevation profiles, and specific mileage guides to get you on your way.

## **Customer Reviews**

I've grown up in Santa Cruz and started mountain biking around 2 years ago. through friends and contacts and just exploring i knew around half to 2/3 of the trails in the book. However where this book shines is the detail. First, I learned a bunch of new routes and loops that I could make that the book mentioned. Second, it tells you the difficulty (none of the trails in here are too gnarly) as well as the elevation change on the trail or for the entire loop. It also gives you trail directions and directions to the trailheads. For those of you looking for some of the UCSC non-sanctioned trails they won't be in here, but everything else is. Even for a local this book is a great reference to know the trail names better and for someone coming through or new to the area it's a great buy and will most likely serve you for quite a few years

Amazing Guide to Fun! Clear and super helpful.
