Customer Reviews

It's an interesting read and there's some good information in the book. From this resource I was able to learn more about setting up my furniture to practice managing my time instead of multitasking which I will be able to implement into my life. It says that it will teach you ways to organize your life so you're not thinking about clutter and it delivers on this statement. I totally agree what this book has to say about organizing one's life.

This book addresses many aspects of our lives and the time management challenges associated with them. The topics are diverse and may apply to the home as well as the office such as project management, to-do lists, filing, priority setting, and reducing clutter. I enjoyed the book and walked away with several ideas for accomplishing more, better goals with the time I have

This Organization: The Art of Clean- Organizing Techniques and Stress Free Life Management will help you not only organizing and cleaning your house but also your entire life. You will be able to clean everything and anything that is not using in your house, clearing all the mess for better surroundings and putting things into places.

This book helps in organization and how to get rid of clutter, with steps on how to clean and how to keep your home clean and your life stress free. It gives step by step guide on organizing techniques and ways to free your life from stress and the bonus book is essential for everyone because it gives tips on how to use one note.

I don't know why I go on buying books about decluttering, because I've read so many that there is no advice that I haven't already read. But if you're new to the idea, or if you're young and confused about how to keep your first house or apartment tidy, this is a good place to start.

This book is offering great guide to help us organize our place. I have two kids at home and my place is not organize good thing I got the chance to read this book. I also like the book cover cause

its lovely.

As a working mother, keeping the house and MYSELF organized has been quite a challenge and I wish I've read this book earlier in life. The organizing techniques worked out on me and I'm getting better at organizing the more I use these techniques. Awesome book is awesome.

I have a problem in organizing my things and purchasing this book will surely help me develop my organization skills. I love all the tips, efficient and practical techniques to have a stress free life management. Great book!
